PRIMO IS

BUSINESS PARTNER

Primo is a reliable business partner with experience working together with the leading leisure boat manufacturers in Europe. We offer design knowledge and over 25 years of experience with co-operation together with marine customers/boat builders.

MATERIAL SPECIALIST

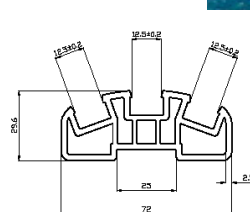

Exclusively for the marine industry, we have developed high-quality PVC raw materials for bumpers and bumper fastening profiles. Several shore hardness and raw material options available.

YOUR DESIGN AND INNOVATION EXPERT

Through our material and extrusion technology knowledge we support you in the development process. Our experts are at your full disposal – improving your projects.

FAST TIME TO MARKET

We ensure fast and efficient production of all forms of prototypes and have an In-house tooling competence centre to work with your engineers.
